

NEW BRAUNFELS TEXAS

Below are some talking points which we hope you find helpful and are welcome to share with your teams. Feel free to reach out to us if you have any questions, we are here as partner and resource.

Talking points:

1. The [Comal](#) and [Guadalupe](#) rivers in New Braunfels city limits are open and gaining clarity every day. The city has been working hard to remove all visible debris and we clean our rivers year-round.
2. The Comal River in New Braunfels has a river flow similar to before the 4th of July weekend, with float times expected to be 2-3.5 hours.
3. You should always be cautious of currents, contaminants, and debris anytime you're in a natural body of water.
4. Kerrville is about 100 miles from New Braunfels.
5. Yes, you should come to [New Braunfels](#)
 - a. The river is only one thing to do in New Braunfels: [Schlitterbahn](#), [Natural Bridge Caverns](#), [Natural Bridge Wildlife Ranch](#), [Downtown New Braunfels](#), [Gruene Historic District](#), amazing restaurants, pristine parks and live music 7-days a week - there is always something to do in New Braunfels!
 - b. Small businesses depend on you coming.
6. Contact river outfitters for float times and specific details
